Step 3:

Then it will redirect you to a home page of your sendgrid account.

A screenshot of a web browser showing the Twilio SendGrid account home page. The browser's address bar displays 'app.sendgrid.com/guide'. The page has a light blue header with the Twilio SendGrid logo. Below the header, a large blue banner reads 'Welcome, Saran!' followed by 'To get up and running quickly, please follow the steps outlined below.' and an illustration of two people running. The main content area is titled 'Send your first emails with Twilio SendGrid' and contains a section 'Create a sender identity' with instructions and two buttons: 'Create a Single Sender' and 'Authenticate a domain instead'. Below this is a 'Send your first email' section with a lock icon and the text 'Please create a sender identity before sending your first email.' At the bottom, there's a 'Remove email sending limits' button and a 'Finish your account setup' progress bar showing '1 out of 4 completed'. A left sidebar contains navigation links like 'Dashboard', 'Email API', 'Marketing', 'Design Library', 'Stats', 'Activity', 'Suppressions', 'Settings', and 'Twilio SMS NEW'. The bottom of the browser shows a Windows taskbar with various application icons and a system clock indicating 1:40 PM on 18-Nov-22.

Step 4:

Finally, you have created your account and now you can access the sendgrid account.
